<p><b>5.</b></p>	<p><b>To receive update on the Growth Deal bid</b></p>	
	<p>DP provided a verbal update on the Growth Deal bid which also links to the AECOM work presented above. DP stated since the last Partnership meeting in October, both Ceredigion &amp; Powys Councils and the private sector have worked closely together to see what the Growth Deal is starting to look like. DP thanked AW and RG from WG in particular for their engagement and support. DP stated that work is ongoing to get the key components in place to take the Growth Deal bid forward.</p> <p>DP explained that public money will flow through this Growth Deal therefore WG and the UK Government will want assurance that the correct processes have been undertaken before the draft proposition document is signed off.</p> <p>DP stated that there is a virtual Programme Office in place at the moment comprising of senior officers from the two Local Authorities however discussions are ongoing regarding establishing an actual programme office and how it will work.</p> <p>DP introduced Gavin Crouch, who has been jointly appointed by Ceredigion and Powys on a short term basis as a Special Advisor to develop the business cases for the Growth Deal. DP noted that Powys County Council have also appointed an Economic Developer on a short term basis to look at issues to help support this.</p>

It needs to build on a clear vision for the region that is based on identified opportunities for the region and tackles the barriers to achieving it. It must be based on a partnership approach and involves the private sector in its design and delivery.</p> <p>DP stated that Terms of Reference have been drafted for the Economic Strategy Board and both authorities have a list of proposed people to be part of it.</p> <p>RH stated that she would envisage a broader stakeholder group or several stakeholder groups for those not involved in the immediate group.</p> <p>Cllr. PD stated that he felt that there was nothing inspiring within the Strategic Economic Priorities document with regard to agriculture, and suggested whether establishing an Agricultural/ Auctioneer sub - Committee in order to share new ideas and opportunities would be beneficial?</p> <p>Following discussion, It was agreed that it is not the correct time to establish this group at the moment. There are many exciting things being developed for agriculture via Aberystwyth University. RH provided a brief overview of projects being developed at IBERS.</p> <p>The Chair also suggested that PD could get together with other farming representatives to gather ideas.</p> <p>AECOM stated that they still welcome comments from Members on the Strategic Priorities if Members wish to do so.</p>
